AnyConnect HostScan 4.7.01076 is a maintenance release that includes updates to only the HostScan module. Refer to HostScan 4.7.01076 for a list of what caveats were fixed, related to HostScan, for this release.

Release Notes for Cisco AnyConnect Secure Mobility Client ...

In Module 4, students extend what they already know about unit rates and proportional relationships to linear equations and their graphs. Students understand the connections between proportional relationships, lines, and linear equations in this module. Students learn to apply the skills they acquired in Grades 6 and 7, with respect to symbolic notation and properties of equality to transcribe and solve equations in one variable and then in two variables.
