Canadian Economic History Trupin

Economic History of Canada The economic history of what is now Canada begins with the hunting, farming and trading societies of the Indigenous peoples.

Economic History of Canada | The Canadian Encyclopedia

Scholars of Canadian economic history were heirs to the traditions that developed in Europe and the United States, but frameworks of study that worked well elsewhere often failed in Canada. The heavily Marxist influenced economic history present in Europe has little relevance to most of Canadian history.

The economic history of the region begins with the hunting, farming and trading societies of the Indigenous peoples. Following the arrival of Europeans in the 16th century, the economy has undergone a series of seismic shifts, marked by the transcontinental fur trade, then rapid urbanization, industrialization and technological change.

Economic History of Central Canada | The Canadian Encyclopedia

Through three centuries of development, the history of the Canadian economy reflects the shifting roles of natural resources, industrializations, and international trade. This volume, a standard in the field since its initial publication in 1958, presents a comprehensive account of these and other factors in the growth of the Canadian economy from the time of the earliest European expansion ...

preoccupied with the fight against rising prices and the wage increases that usually followed. In 1975 the federal government created the Anti-Inflation Board and imposed wage and price controls for a three-year period.

Canada - The Trudeau years, 1968-84 | Britannica

Economy. The early settlement and growth of Canada depended on exploiting and exporting the country's vast natural resources. During the 20th century, manufacturing industries and services became increasingly important. By the end of the 20th century, agriculture and mining accounted for less than 5 percent of Canada's labour force, while manufacturing stood at one-fifth and services, including transportation, trade, finance, and other activities, employed nearly three-fourths of the ...
