LibGen is a unique concept in the category of eBooks, as this Russia based website is actually a search engine that helps you download books and articles related to science. It allows you to download paywalled content for free including PDF downloads for the stuff on Elsevier's Science Direct website. Even though the site continues to face legal issues due to the pirated access provided to books and articles, the site is still functional through various domains.

Coven is book #1 in The Elise Michaels Series and is a spin off from The Nephilim Warrior Series. It can be read as a standalone book but I would suggest reading The Nephilim Warrior series first to get a better background of the characters and the story world these books are set in. Elise is a strong character and I really enjoyed getting to know her better in this book.

Kà is a show by Cirque du Soleil at the MGM Grand in Las Vegas, Nevada. Kà describes the story as "the coming of age of a young man and a young woman through their encounters with love, conflict and the duality of Kà, the fire that can unite or separate, destroy or illuminate.". In its review, the Los Angeles Times stated it "may well be the most lavish production in the history of Western ...
