The cover letter is your opportunity to flex your strengths, make a case for yourself, and ultimately throw away your chances to get the job. This high risk, high reward document is of the utmost...

The Ultimate Cover Letter Guide. The make-or-break point ...

First of all, cover letters and resumes are two very different things. Your cover letter should not run simply regurgitate your resume with a few extra words here and there. Your cover letter is your introduction to the people you want to hire you, while your resume is a list of the reasons why they should. Your cover letter isn't about you, it's about them.
