Dancing In The Shadows Of

Michelle's autobiographical book Dancing in the Shadows of the Moon is an amazing and inspiring adventure. It makes us examine our perceptions of life, death and reality. Dancing is a book about expansion -- big expansion -- the kind that knocks the breath out of us, disorients us, makes us question our sanity. It's the kind of expansion that challenges us to let go of the reality we have always known -- and grown to trust -- in order to move into a completely new reality that we previously ...

Dancing in the Shadows is a study in light and expression. I tried to capture the movement of the dappled light through the trees while keeping my brushstrokes loose and abstract.

Dancing in the Shadows — Clair Bremner

Dancing in the Shadows: Flying from fear into a rainbow sky, is a two section book. The first part is based on case studies on how the body has the ability to heal itself, and the second part is a personal story of the sometimes dark and lonely journey through the healing process after my own cancer diagnosis.

Dancing in shadows. Home Blog About Contact Alienation vs estrangement. 4/22/2019 1 Comment A strange and damaging myth lurking within the family courts is one of parental alienation. Similar to the missile throwing of historic abuse, hot on it's heels follows the accusation or inference that one parent is doing there best to alienate another.
