Early Intervention Games

Early intervention is a systematic program of therapy, exercises and activities designed to address developmental delays that may be experienced by children with Down syndrome or other disabilities. These services are mandated by a federal law called the Individuals with Disabilities Education Act (IDEA).

Early Intervention - NDSS

Early Intervention is a federally mandated program of coordinated services, through IDEA Part C, that provides support

and education to children with developmental delays and their families. Children ages 0-3 exhibiting delays in physical, cognitive , communication, and social/emotional development are eligible for services.

Early Detection and Early Intervention | Pathways.org

Early intervention services end on your child's third birthday. Prior to your child's third birthday, a transition plan will be developed. The plan may include other programs or services for your child. Some children are eligible for early childhood special education services provided by the local school district.
