The first Meaningful Use incentives have been handed out to early adopters of electronic health records, and now the rest of the healthcare community is preparing to make the transition. As with most new technologies, those who lead the charge often get to help work out the kinks. According to The 2011 EHR User Satisfaction Survey by the American Academy of Family Physicians (AAFP), only about ...

5 Essentials of an Effective EHR System - Continuum

Student-centred schools encourage students to become active, engaged participants in their own learning with the learning process guided by, rather than centred on, the teacher. These schools encourage cooperation between students, provide forums for students to express their views and ideas, and connect learning to the wider community outside the school.
