about the balance. The balance between performance and visibility is undoubtedly the most important. Having a satisfying amount of FPS, while being able to designate your enemy (a ...

Escape From Tarkov Best Graphics Settings - Updated With ...

FOV. Field of View, or often referred to as FOV is the horizontal view angle of the game. As you might suspect the higher FOV, the more you'll see from left to right. We would recommend setting 75 (max) in FOV here for competitive gamers. Regarding performance, FOV (Field of View) also has an impact. Widening your view will make the game have to render more assets.
