Peter L. Rudnytsky's Reading Psychoanalysis, and Mariano Ben Plotkin's, Freud in the Pampas, are two recent exemplary renditions of critical scholarship that are concerned with tracing the history of psychoanalysis from two divergent yet complementary perspectives—Rudnytsky as literary critic, Plotkin as cultural historian. Rudnytsky's book is particularly important and timely for revisiting several key issues that beset psychoanalysis today ranging from the scientific versus ...

Freud in the Pampas by Mariano Plotkin. Psychoanalysis is one of the ways urban Argentinians can feel different from other Latin Americans - I have never lived in a city where it is so ordinary to go for therapy. They love to talk and to confess and perhaps analysis is just a controlled environment for them to do what they would be doing anyway.

**Freud in the Pampas | Five Books Expert Reviews**  
Freud's work was continued, although in altered form, by his student Carl Jung, whose particular brand of psychology is known as analytical psychology. Jung's work formed the basis for most modern psychological theories and concepts.
