US punishes International Criminal Court for investigating ...

International criminal law, though not quite as comprehensively codified or as widely ratified by States as international human rights obligations, is relevant to the study and protection of international human rights because it, generally, is aimed at punishing acts which affect fundamental human rights, namely: life, liberty, and security.

International Criminal Law - International Justice ...

Thus, much of the literature on victims' rights, international criminal law, and proceedings tends to fall into one of two categories: (1) broad reviews of the progressive development of victims' rights, drawing on the growth of domestic victimology movements and the development of normative standards on victims' rights at the international level; (2) technical analyses of the efforts to realize victims' rights before international criminal courts and tribunals, considering the array ...

Victims' Rights, International Criminal Law, and ...

So it might seem that international criminal law came before international human rights law. But such a conclusion would ignore the key point that multiple commitments to fight for human rights were made by the Allies and popular movements throughout the Second World War.
