Mathematical

Analysis

Journal of Applied

Analysis is an

international journal

devoted to applications

of mathematical

analysis. Among them

there are applications

to economics (in

particular finance and

insurance),

mathematical physics,

mechanics and

computer sciences.

The journal also

welcomes works

(Armenian Academy of Sciences) is an outlet for research stemming from the widely acclaimed Armenian school of theory of functions, this journal today continues the traditions of that school in the area of general analysis. A very prolific group of mathematicians in Yerevan contribute to this leading mathematics journal in the following fields:
