Problems. Problems with Kant's Theory. 1. The theory applies only to rational agents. It would not apply to non-humans or to humans who are not rational, e.g., humans with brain malfunctioning, illness or persistent vegetative coma. 2. The theory cannot resolve conflicts between duties: a. between two perfect duties.

Problems

Kant addressed the same question five years later in Der Streit der Fakultäten [The Conflict of the Faculties] (1798),[258] and here, as he had done in Religion within the Limits of Reason Alone, he dwelled on the problem of Abraham.

Kant's Struggle with Moral Autonomy and Free Speech

The relationship between Immanuel Kant (1724–1804) and David Hume (1711–1776) is a source of longstanding fascination. Kant credited Hume with waking him from his “dogmatic slumber”, and he describes the Critique of Pure Reason, arguably the most important work of modern philosophy, as the solution to the “Humean problem in its greatest possible amplification” (PrL 4:260–61).

Kant and Hume on Morality (Stanford Encyclopedia of ...

Kant does not endorse a Humean solution to the problem of the relation between cause and effect in the critical period (beginning with the first edition of the Critique in 1781): he does not (as he had in Dreams of a Spirit-Seer) claim that this relation is derived from experience.

Kant develops an alternate view in line with his claim that moral action can arise from duty alone. 1. I will first spell out Kant's account of moral feeling to illustrate how he thinks feeling can be a moral motive. 2. I then address a second problem in Kant's account, namely, the possibility of identifying the proper objects of moral ...

Kant refers to these as “transcendental ideas” (A311/B368) or “ideas of [pure] reason” (A669/B697). And he now defines reason as a “faculty of principles” (A299/B356) or the “faculty of the unity of the rules of understanding under principles” (A303/B358). The problem is how to justify these concepts and principles.

Kant's Account of Reason (Stanford Encyclopedia of Philosophy)

One problem with this view, Kant believes, is that there is no such representational content that is invariably present in experience, so the sense of an ongoing self cannot possibly arise from that non-existent content (what Locke calls “consciousness”) being present in each of one's representations.
