approach to policy. MHA believes policy should ask people what they need to live the lives they want and support them in getting there. Recovery is founded on the principle that people can take on meaningful roles in the community despite mental health challenges, when they receive the support they need.

Policy Issues | Mental Health America

Our Mental Health policy outlines our provisions to prevent and address mental health issues among our employees. Mental health is just as important as physical health. Mental illness may be detrimental to a person, as it impact happiness, productivity and collaboration. Mental health issues may affect companies, in the form of:

American Psychological Association (APA)

This book explores the relationship between policing and mental health. Police services around the world are innovating at pace in order to develop solutions to the problems presented, and popular models are being shared internationally. Nevertheless, disparities and perceptions of unfairness remain commonplace. Innovations remain poorly funded and largely unproven. Drawing together the ...
