apportionment methods between different NHS providers. The standard therefore provides a minimum level of sophistication in cost allocation which it is expected that all NHS bodies will achieve. More sophistication is encouraged but only where the principles confirm to the underlying principles of NHS costing as outlined in this manual.

Scottish Health Service Costs Book Manual

Gross or top down costing allocates a total budget to specific services such as hospital stays or doctors' visits according to rules. 3 The simplicity of top down costing may be offset by a lack of sensitivity, which in turn depends on the type of routine data available. The choice between microcosting and gross costing depends on the needs of ...
