Ballarat Engine and Machinery Preservation Society member Neil Wright has been an avid collector and historian of Ronaldson Bros. and Tippet equipment and memorabilia for many years.

Ronaldson & Tippet Equipment Story
Ronaldson Tippet sold engines under a total of 68 different names for various companies. They came in many colours, but all Ronaldson Tippet marketed 'N's were painted Mid Brunswick Green. The first Type 'N' I acquired was an extremely early one, serial number 9995, and is labeled an Austral engine, 3hp. Austral 'N' ID plate.

Scott's Ronaldson Tippet Engines - Old Engine.org
In 1924, the company commenced production of the Ronaldson-Tippet 18-30 "Super Drive" tractor, derived from the American Illinois Super Drive tractor design. The tractor featured on an imported 4 cylinder water cooled petrol/kerosene Wisconsin engine and initially many of the other components used were also imported.

Cooper badged Ronaldson Tippet diesel engines were sold from 1937 to 1971 when R & T stopped making engines. I have gleaned the information below from my catalogues, any additional information would be useful on these engines as they are not that common.

cooper - Ozwrenches
A rare (in UK) example of a Ronaldson, Bros and Tippet engine. In 1908, the Austral engine design was completely revamped incorporating several improvements reputed to have been copied from the popular English built Blackstone engines. Changes included the addition of a side shaft driven governor (replacing the belt driven governor), a pumped fuel supply (replacing a gravity feed), an improved vaporiser, and most importantly, a timing valve to accurately control the firing point.
