Cardiothoracic Anesthesiology Fellowship (U.S.)

Cardiothoracic anesthesiology is a subspecialty of the medical practice of anesthesiology, devoted to the preoperative, intraoperative, and postoperative care of adult and pediatric patients undergoing cardiothoracic surgery and related invasive procedures. It deals with the anesthesia aspects of care related to surgical cases such as open heart surgery, lung surgery, and other operations of the human chest. These aspects include perioperative care with expert manipulation of patient cardiopulm

Cardiothoracic anesthesiology - Wikipedia

History. The history of cardiothoracic anesthesia at Cleveland Clinic begins in 1969 with the first saphenous vein aortocoronary bypass surgery performed by Dr. Rene Favaloro. Immediately following that landmark surgical achievement, the Section of Cardiothoracic Anesthesiology was established in October by Dr. John Viljoen.
