## The Early Chinese Empires History

The earliest known written records of the history of China date from as early as 1250 BC, from the Shang dynasty (c. 1600-1046 BC), during the king Wu Ding's reign, who was mentioned as the twenty-first Shang king by the same. Ancient historical texts such as the Book of Documents (early chapters, 11th century BC), the Records of the Grand Historian (c. 100 BC) and the Bamboo Annals (296 BC ...

...

Through the course of history, we've seen empires rise and fall over decades, centuries and even millennia. If it's true that history repeats itself, then perhaps we can learn from the missteps and the achievements of the world's greatest and longest lasting empires. Empire is a tricky word to define. While the term is thrown around a lot, it's ...

Empires of the Undergrowth is an ant colony management game, in a fast-paced real-time strategy style. The player excavates their nest underground, constructing tunnels and chambers to store food and raise brood. On the surface, the ants claim territory, gather resources, overwhelm fearsome arachnids and clash with other colonies. Nest design, army size, composition and attack timing are key ...

Many western history books over the years have stated that the Chinese used this discovery only for fireworks, but that is not true. Song Dynasty military forces as early as 904 A.D. used gunpowder devices against their primary enemy, the Mongols. These weapons included "flying fire" (fei huo), an arrow with a burning tube of gunpowder attached to the shaft. Flying fire arrows were miniature ...
